Collins. Paperback. Book Condition: New. Paperback. 304 pages. Named one of the best books of the year by The Sunday Times of London, and already a bestseller in England, Noreena Hertz's *The Silent Takeover* explains how corporations in the age of globalization are changing our lives, our society, and our future -- and are threatening the very basis of our democracy. Of the world's 100 largest economies, fifty-one are now corporations, only forty-nine are nation-states. Already sparking intense debate in England and on the Continent, *The Silent Takeover* provides a new and startling take on the way we live now and who really governs us. The widely acclaimed young socio-economist Noreena Hertz brilliantly and passionately reveals how corporations across the world manipulate and pressure governments by means both legal and illegal; how protest, be it in the form of the protesters of Seattle and Genoa or the boycotting of genetically altered foods, is often becoming a more effective political weapon than the ballot-box; and how corporations in many parts of the world are taking over from the state responsibility for everything from providing technology for schools to healthcare for the community. While the activities of business, frequently under...
