

## Internationalizing the Undergraduate Psychology Curriculum: Practical Lessons Learned at Home and Abroad

By -

American Psychological Association, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. As U.S. colleges and universities attract an increasingly diverse student body and incorporate global perspectives across the curriculum, international study has become an important part of higher education. This book offers teachers of psychology what they need most to internationalize the undergraduate curriculum: clear approaches to studying psychology across cultures, practical ideas they can use in the classroom, resources that connect students to the world beyond their home campus, and expert advice on how to develop and administer study abroad programs. Building on the foundation laid by the APA-sponsored book *Undergraduate Education in Psychology: A Blueprint for the Future of the Discipline* (Halpern, 2009), every chapter includes practical, field-tested ideas for leading study abroad programs or infusing on-campus courses with global perspectives. Contributors share ideas for developing both short- and long-term study abroad programs in psychology, and addressing practical issues such as student safety and technology use. Authors also demonstrate how to help students prepare for study abroad as well as integrate off-campus learning experiences once they return to their home campus. Personal insights from students who have studied and...

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
